

STEM AMBASSADOR SPOTLIGHT

Tigo Le
Mechanical Engineering

How did you select your college major? What was the biggest influence?

The possibility of financial security and flexibility is why I chose my major

What advice would you share with K-12 students who are considering your major?

What you learn in your junior or senior year is probably more practical than what you learn in your freshman or sophomore year

What high school elective course do you wish you had taken to better prepare you for college?

I wish I had taken marketing.

When you aren't in class or studying, what can you be found doing in your spare time?

I like to play chess in my spare time or go to Main Event

What motivates you to get out of bed and go to class every day?

The possibility of a financially stable job gets me out of bed every day.

How do you or your major make a positive impact on society/our community?

My major improves the knowledge of humanity and stimulates the economy.

What do you look forward to the most while being a STEM Ambassador?

Engaging students to be interested in STEM is what I look forward to most.
